

TREES FOR SOUTHFIELD

TREES FOR SOUTHFIELD PROGRAM provides trees to Southfield residents at cost. For \$175, a shade, flowering, or evergreen tree (spring only) will be delivered to you, ready for planting. For \$200, the Forestry division will plant a tree in the city right-of-way area (between the sidewalk and the street).

QUALITY 2- 2-1/2" DIAMETER TREES are individually selected by the city forester and purchased in bulk lots from wholesale nurseries. Approximately four different varieties of trees are available for each planting season. After all the orders are compiled, the forestry division will contact you to set a time between 7:00am-2:30pm Monday thru Friday, to meet with you to discuss the type of tree and planting location which would best enhance your property.

APPLICATIONS MUST BE SUBMITTED BY: March 15 for spring and September 1 for fall.
A \$50 deposit, or total cost, per tree is to be submitted with application; balance is due in full prior to delivery. For further information call 248-796-4630.
