Be on the Look Out Highlights:**Special Attention: Crime Prevention for the Holidays!**

With the Holidays approaching citizens should be extra careful when shopping. Citizens should never leave anything of value inside the compartment area of your vehicle. If you must leave valuables in the car, be sure to put them in the trunk. If you do not have a trunk then I would recommend you take items home. Do not leave Christmas Gifts in your vehicle. Women should be extra careful when carrying a purse. Do not carry your purse over your shoulder and do not leave your purse open and or in a shopping cart unattended. This includes when you are in the store or when moving items from your shopping cart into your vehicle in the parking lot. You are an easy target for someone to take your purse or take your wallet. It only takes a matter of seconds for someone to do this. Stay vigilante!!! I would recommend that citizens not carry a purse. instead, they should carry a wallet or something that can be concealed inside your jacket.

Happy Holidays and be Safe!!!!!!!!!!!!!!!

Special Attention: Larceny from Vehicles

How to prevent this from happening to you!

-Citizens should never leave anything of value inside their vehicle. (Especially Handguns, Purses, Wallets, Cash & Cell Phones!)

- If you have a garage, you should park your vehicle in the garage and lock the garage.

- Wheel Locks are a deterrent but do not leave the wheel lock key in the interior of your vehicle, especially the center console or glove box. This is the first place they will look for the wheel lock.

-After parking your vehicle turn your wheels all the way to the right or the left. This will make it difficult to get the lug nuts off the front wheels.

-If you do not have a garage, try to park your vehicle as close to your residence as possible.

-If you are here any loud noises near where your vehicle is parked, especially during the late night or early morning hours, attempt to look outside without alerting anyone and if someone is tampering with your vehicle immediately calls 911, (Do Not Approach or Scare the Suspects Away) give Police Dispatchers as much information about the

suspect(s) and suspect vehicles as you can. Stay on the phone with Dispatchers until the Police arrive.

-Lots of lighting around the area(s) that you park your vehicles is also very beneficial. Criminals do not like to work in well lighted areas. They prefer to work in darkness because it is difficult to see them.

Special Attention:

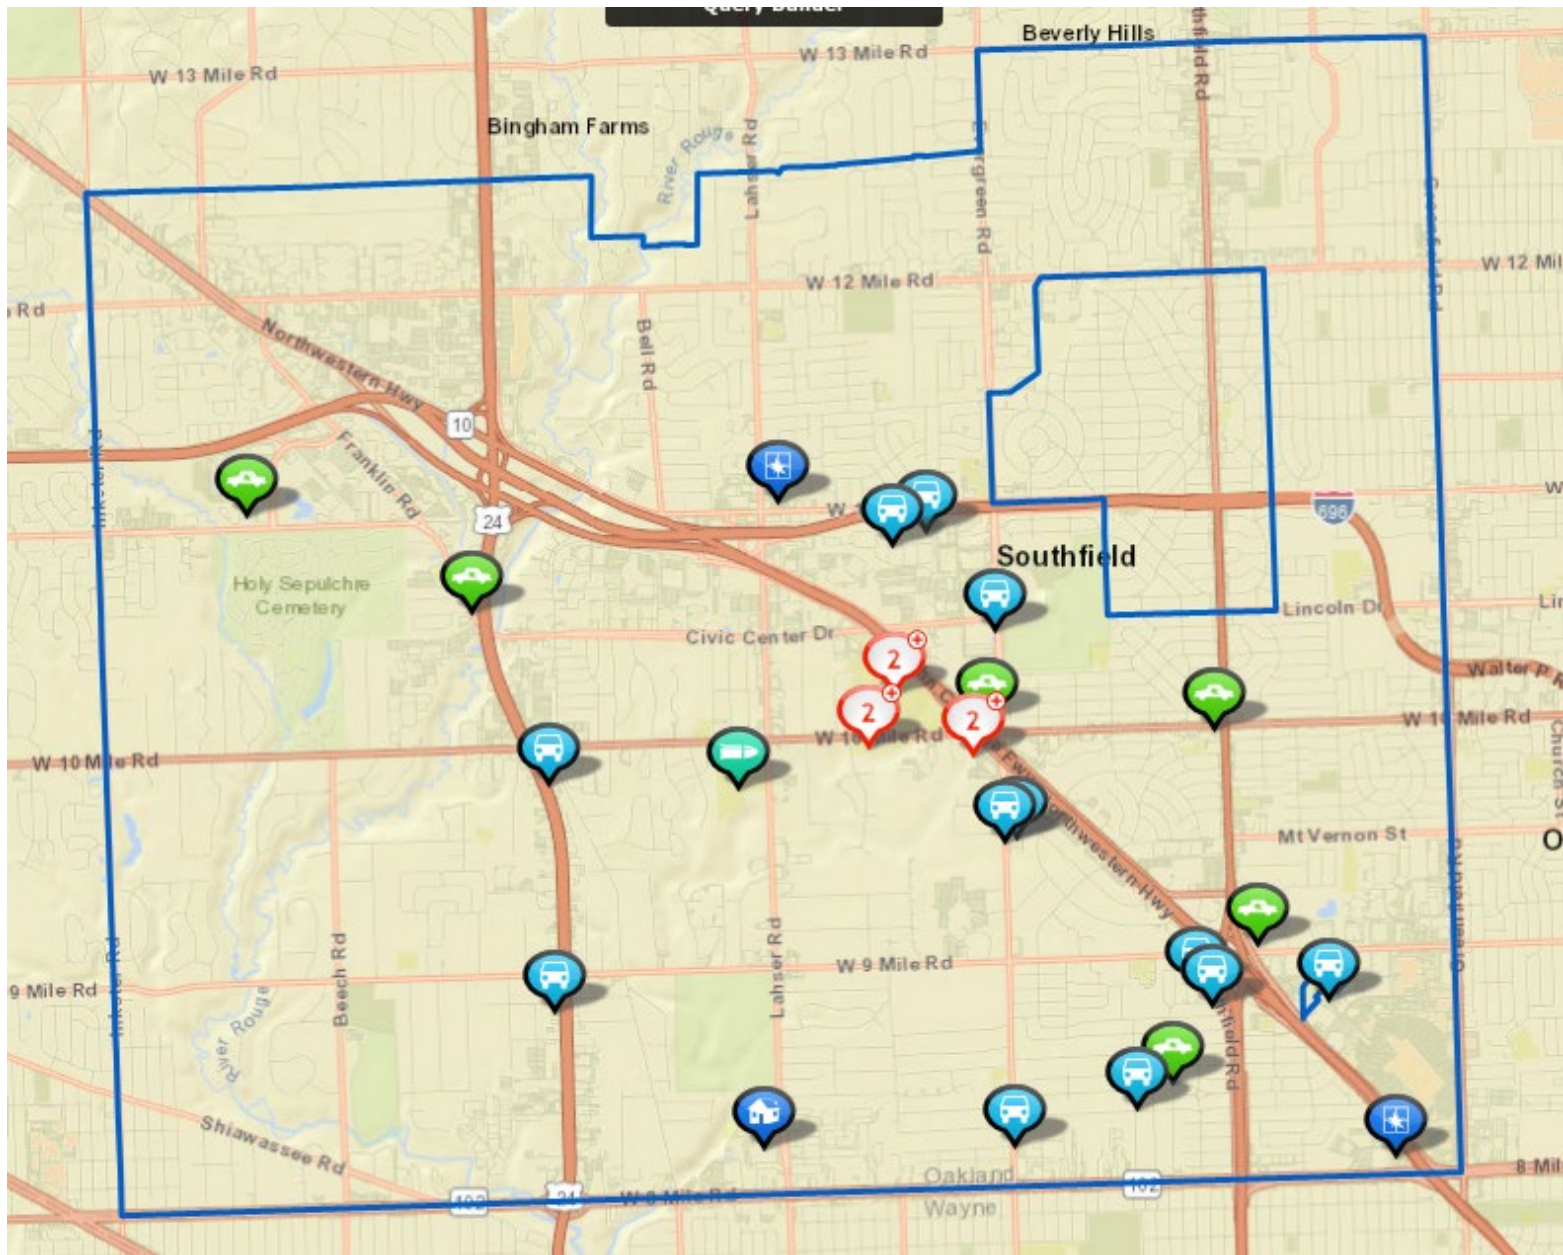

Larceny of Packages that were ordered and delivered via Common Carrier.

How to prevent this from happening to you!

Recently several citizens have had packages that were delivered to their residences and apartments stolen prior to them retrieving the packages.

Citizens can prevent this from happening by scheduling a specific time to have the package delivered and be waiting for the package.

Citizen can also schedule the package to be picked up by themselves at the common carrier facility.
