When Officers arrived, they discovered a good B&E. A review of surveillance video showed at 4:57am a B/M, medium build, wearing a black Carhartt type jacket, black and gray flannel pajama pants and black boots. The suspect had a black beanie and his hood up the whole time. The suspect was wearing a yellow glove on his right hand and a brown glove on his left hand.</p> <p>The suspect grabbed several cigarette packs and placed them in his backpack. He then ripped the cash register from the counter, grabbed his backpack, walked to the front door, unlocked it and left at 4:58am.</p> <p>The owner advises cash & cigarettes were taken.</p>

<p>From: 12/31/2018 6:00pm To: 01/02/2019 8:30am (6- B&E's)</p>	<p>29000 Southfield Rd. (Multi- Office Complex)</p>	<p>Entry into Office Building was through the north door which was propped open. <p>01/04/2019 4:33am</p>	<p>23000 Lahser Rd. (Commercial- Pharmacy))</p>	<p>Blue Mini-Van was used to ram the front doors. Dispatch advised the caller was Security and they were watching on a monitor. Upon arrival, the front doors were smashed in and the ATM was damaged.</p> <p>The doors and ATM were damaged by the impact of the vehicle striking the building. It did not appear that entry was gained as responding officers had to force entry through the damaged doors to check the interior. Nothing appeared to be missing or tampered with inside. The ATM may have been targeted due to the proximity next to the door. The face of the ATM was discovered opened upon initial response, however, this appeared to have been caused by the impact and not by any other means.</p> <p>Note: Another nearby jurisdiction had a Smash and Grab involving a Blue Mini-Van and they were looking for the suspects who ran from the vehicle.</p> <p>A witness called them reporting a Blue Minivan was ramming the front doors to a Gas Station. When they pulled up the subjects ran on foot. PD there stated they are waiting for a K-9 to do a track.</p> <p>It appears that their incident is related to ours.</p>

Special Attention: Larceny from Vehicles

How to prevent this from happening to you!

-Citizens should never leave anything of value inside their vehicle. (Especially Handguns, Purses, Wallets, Cash & Cell Phones!)

- If you have a garage you should park your vehicle in the garage and lock the garage.

- Wheel Locks are a deterrent but don't leave the wheel lock key in the interior of your vehicle, especially the center console or glove box. This is the first place they will look for the wheel lock.

-After parking your vehicle turn your wheels all the way to the right or the left. This will make it difficult to get the lug nuts off the front wheels.

-If you don't have a garage, try to park your vehicle as close to your residence as possible.

-If you here any loud noises near where your vehicle is parked, especially during the late night or early morning hours, attempt to look outside without alerting anyone and if someone is tampering with your vehicle immediately call 911, (Do Not Approach or Scare the Suspects Away) give Police Dispatchers as much information about the suspect(s) and suspect vehicles as you can. Stay on the phone with Dispatchers

until the Police arrive.

-Lots of lighting around the area(s) that you park your vehicles is also very beneficial. Criminals don't like to work in well lighted areas. They prefer to work in darkness because it's difficult to see them.
