Special Attention: Southfield Police Department launches 'Operation Safe Kids' focusing on School Bus Safety

News Release

Date: November 13, 2018
Subject: Southfield Police launches Operation Safe Kids
Contact: Brian Bassett, Acting Chief of Police

(SOUTHFIELD, Mich.) — The Southfield Police Department is partnering with Southfield Public Schools to launch *Operation Safe Kids*, a new initiative focusing on school bus safety.

Beginning in mid-November, the Southfield Police Department will deploy officers in unmarked vehicles along bus routes to ensure motorists obey school bus safety laws. The unmarked police cars will be working in conjunction with marked police cars to identify and ticket drivers. In Michigan, a violation for passing a school bus displaying flashing red lights is \$335 and three points on the driver's license.

“Considering recent tragedies involving children at bus stops, the police department has collaborated with our school system to enforce school bus safety and bring greater awareness to motorists,” stated Acting Police Chief Brian Bassett. “Our children’s safety is our greatest priority.”

Police officers will be looking for motorists who fail to properly observe school bus signals as well as school zone speed limits. When a bus’s overhead lights are flashing yellow, drivers should prepare to stop.

When overhead lights are flashing red, drivers should stop at least 20 feet away from busses, unless driving in the opposite direction on a divided highway. When hazard warning lights are flashing, drivers may proceed with caution. Motorists should also slow down in school zones and residential areas and watch for children walking in the street, especially in areas where there are no sidewalks.

Special Attention: Larceny of Packages that were ordered and delivered via Common Carrier.

How to prevent this from happening to you!

Recently several citizens have had packages that were delivered to their residences and apartments stolen prior to them retrieving the packages.

Citizens can prevent this from happening by scheduling a specific time to have the package delivered and be waiting for the package.

Citizen can also schedule the package to be picked up by themselves at the common carrier facility.

Special Attention: Larceny from Vehicles

How to prevent this from happening to you!

-Citizens should never leave anything of value inside their vehicle. (Especially Handguns, Purses, Wallets, Cash & Cell Phones!)

- If you have a garage you should park your vehicle in the garage and lock the garage.

- Wheel Locks are a deterrent but don't leave the wheel lock key in the interior of your vehicle, especially the center console or glove box. This is the first place they will look for the wheel lock.

-After parking your vehicle turn your wheels all the way to the right or the left. This will make it difficult to get the lug nuts off the front wheels.

-If you don't have a garage, try to park your vehicle as close to your residence as possible

-If you here any loud noises near where your vehicle is parked, especially during the late night or early morning hours, attempt to look outside without alerting anyone and if someone is tampering with your vehicle immediately call 911, (Do Not Approach or Scare the Suspects Away) give Police Dispatchers as much information about the suspect(s) and suspect vehicles as you can. Stay on the phone with

Dispatchers until the Police arrive.

-Lots of lighting around the area(s) that you park your vehicles is also very beneficial. Criminals don't like to work in well lighted areas. They prefer to work in darkness because it's difficult to see them.
